

# Heat waves and Health

Tuesday, 3 November 2015  
13:45 – 15:15, Room IV

With contributions from a.o.:

- DWD, Andreas Matzarakis
- FMI, Reija Ruuhela and Heikki Tuomenvirta
- KNMI, Henk Eskes

## **DRAFT ABSTRACT**

Aim is to discuss which information on future weather is needed to anticipate on risks and opportunities for health issues. Special attention is given to the heat wave of 2015. After introductory presentations the floor is open to discuss best practices, challenges and opportunities.
